**EDUCATIONAL
BUILDING
(SATPAEV, 1A)**

**EDUCATIONAL BUILDING
(69 B, ZHELTOKSAN St.)**

7 educational buildings are 20 008 sq.m.

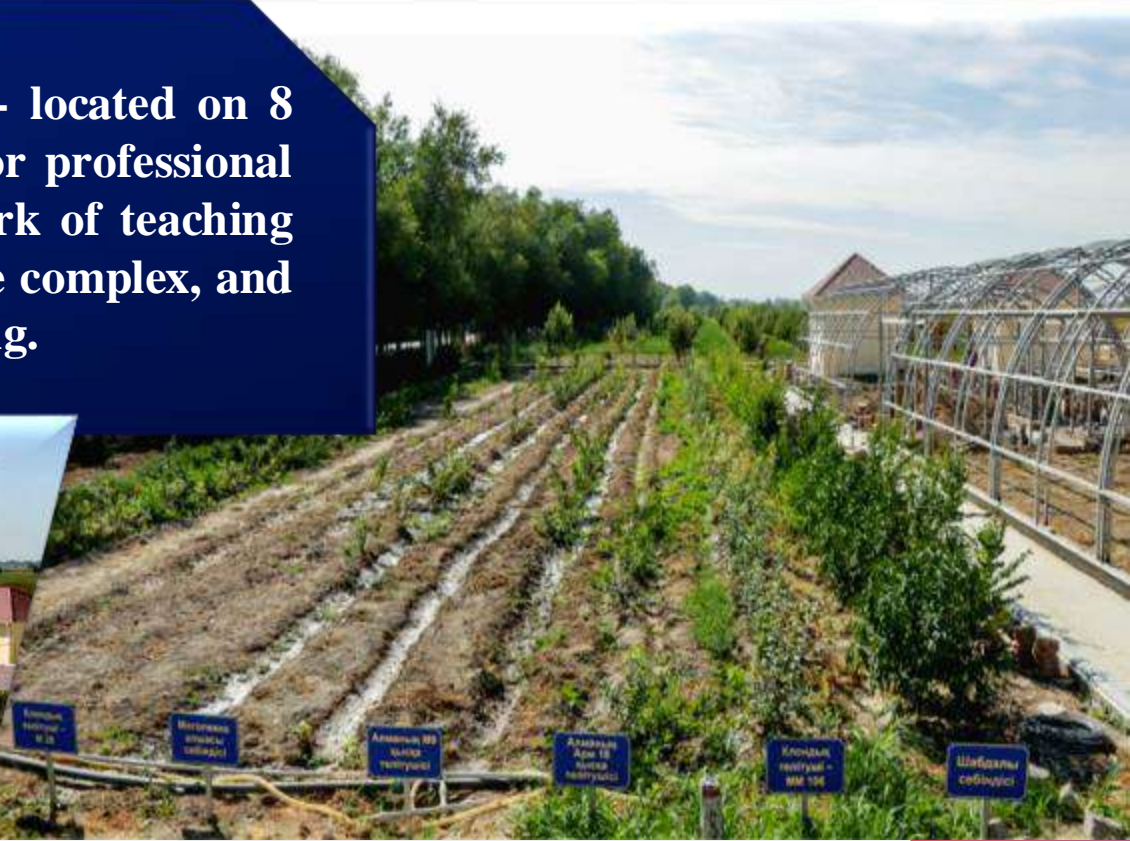

The university has 5 research centers.

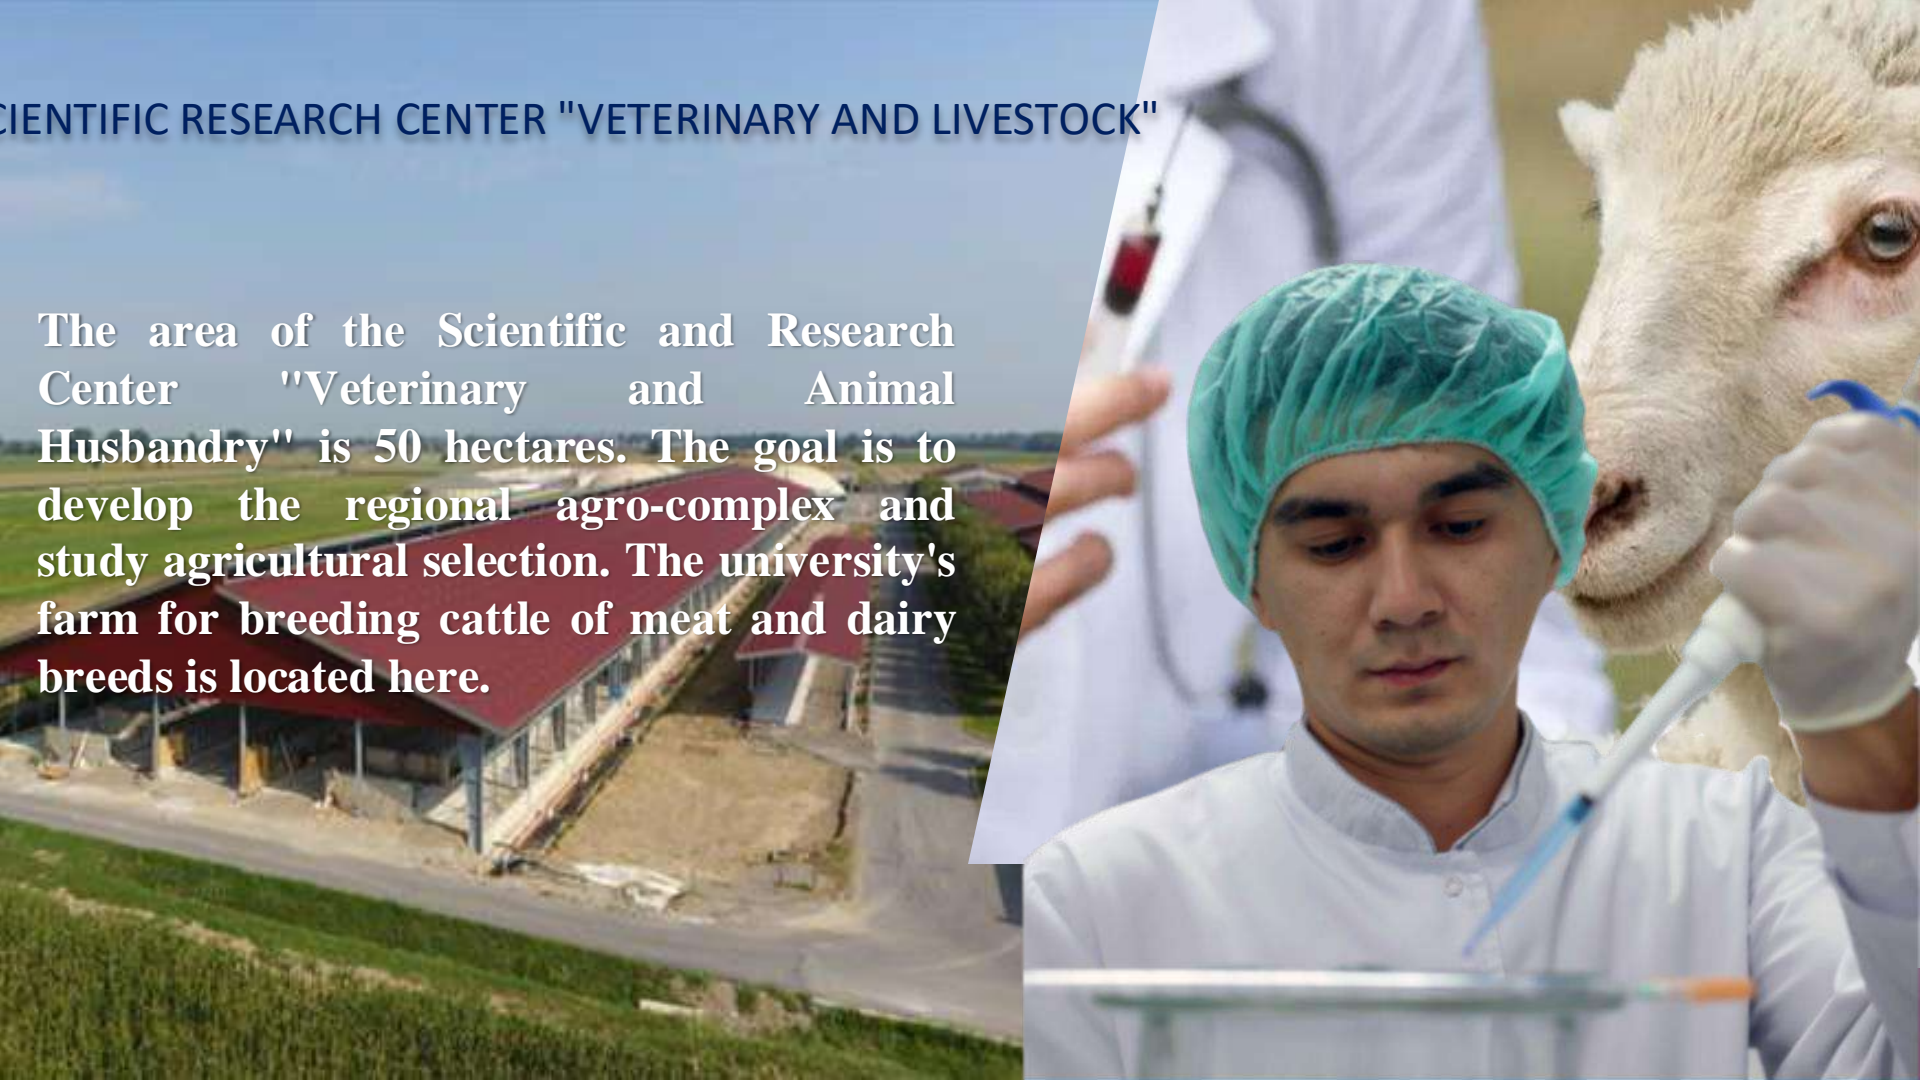

"AGROBIOLOGY" SCIENTIFIC RESEARCH CENTER

"Agrobiological" Research Center - located on 8 hectares of land. It is intended for professional practice of students, research work of teaching staff, development of a greenhouse complex, and research of domestic plant breeding.

SCIENTIFIC RESEARCH CENTER "VETERINARY AND LIVESTOCK"

The area of the Scientific and Research Center "Veterinary and Animal Husbandry" is 50 hectares. The goal is to develop the regional agro-complex and study agricultural selection. The university's farm for breeding cattle of meat and dairy breeds is located here.

"AQUACULTURE" SCIENTIFIC AND RESEARCH CENTER

The Aquaculture Research Center is engaged in the development of fisheries in the region, fish farming, and research into the composition of water bodies.

Currently, there are 148 water bodies in the Zhambyl region that are used for fisheries. The university's scientists have developed a scientific and biological basis for 50 of these lakes.
